

FIRST AID / CPR COURSE

The goal of this basic level CPR program is to provide you with the basic knowledge and skills necessary in an emergency, call for help, and to provide basic life support for a victim until professional medical help arrives.

The course also includes information on the prevention of injuries. The core contents include CPR, bleeding, fractures, shock, coma, burns, wounds, poisoning, bites and stings.

The SA Department of Manpower as well as SA Tourism Board, exceeding the minimum requirements for a level I First Aid qualification recognizes the NAUI program. In addition, the US Coast Guard, American Lifesavers and US Department of Transport recognize the course. The CPR module is taught under the sanctioning of the Resuscitation Council of SA

The course consists of approximately 8 hours of academic and practical training.

Included in the course is the First Aid / CPR workbook, CPR Quick Pack and certification fees

	NAUI
First Aid / CPR	R1500,00
