

NITROX DIVER COURSE

This is specialty course provides the diver with the knowledge and skills to utilize EAN as a breathing medium. The NAUI Enriched Air Nitrox Course is an intensive program consisting of about eight hours academic sessions and the application of the knowledge through two open water dives.

A pre-requisite for this course is a Scuba Diver certification.

The practical dives are done at Bass Lake, Miracle Waters in Gauteng or at the coast. The course price **excludes** the cost of the actual weekend away and the cost of the dives.

- ❑ Learn how enriched air nitrox can benefit you for no-stop diving
- ❑ Learn about myths that cause confusion in enriched air nitrox diving.
- ❑ Learn how to chose the optimal mix for any given dive.

Included in the course are the EANx divetables (32 &n36), textbook and certification fees.

The BCD, regulator and cylinder can be rented from the school. You need your own swimming suit, towel, wetsuit, fins, mask, snorkel and weightbelt.
