

SCUBA DIVER

Experience the excitement and adventure of the underwater world. Scuba diving is the most unique adventure sport on earth. As an open water diver you will discover fascinating aquatic creatures and experience the thrill of breathing underwater. The ocean's underwater habitat will capture your imagination for a lifetime. You will meet people and go places you only dreamed of visiting. The Scuba Diver course will provide you with the knowledge and skills you'll need to visit this underwater world.

THE COURSE

On successful completion of the Scuba Diver course, you will be awarded the Scuba Diver (from 15yrs) or the Junior Scuba Diver certification (from 10yrs to 14yrs).

The course is divided into **three** segments:

Academic training: Consist of nine modules, which are presented in two classroom sessions. During these sessions you will gain the necessary knowledge and become familiar with the equipment you will be using, for safe and enjoyable diving.

Confined-Water training: During these sessions our instructor will ensure that you master the basic skills of diving.

Open Water training: (Qualifying weekend) The dives will allow you to apply what you have learned during the Academic and Confined-Water Training at an actual dive site. During these five qualifying dives you will become familiar with the marine environment and gain the confidence to dive with a buddy, independently of you instructor. The cost of qualifying weekend is **EXCLUDED** and the costs depend on the destination (BCD, Regulator and Cylinder is included in cost of course). It is a condition of the special that students have to do their qualifying dives with Twobar Scuba.

Courses start on a Saturday from 09h00 to 16h30, Sunday from 10h00 –15h00. Saturdays are theory sessions and Sunday will be your pool sessions at the de Jongh swimming pool in Groenkloof.

Included in the course are a textbook (full course), divers' logbook, dive tables, certification fee and the use of our dive gear. You need your own swimming suit, towel, wetsuit, fins, mask, snorkel and weight belt.
